Voters
Support
Cancer Drug
Parity Act

77%

Ends cost disparity for
certain treatments,
especially when only
one option exists

76%

Restores doctor-
patient relationship
by preventing insurers
from dictating out-of-
pocket costs

75%

Gives cancer
patients improved
access to new,
targeted treatments

75%

Reduces the
burden on rural
cancer patients by
improving access to
medicines that can
be taken at home

74%

More than half of
cancer patients paid
no co-pay for their
cancer medicines in
states that adopted
this legislation, up
from 15%; insurers also
faced no cost increases

**Voters Likely to Re-elect Members
of Congress Who Support Legislation**

Yes

No

Republicans were
most likely to
support incumbents
who back the bill,
with 57% saying it
would encourage
them to vote for their
current member
of Congress.

These results are based on a national survey of 800 registered voters by Public Opinion Strategies in December of 2017 and January of 2018.
